CUSTOMER AUTHORIZATION OF REPAIR ESTIMATE

Unforeseen conditions may be present that may affect estimated repair costs. Every attempt is made to accurately estimate what it takes to correct the customer complaint, however, revised estimates may be necessary upon disassembly. By signing this, the customer hereby authorizes the diagnosis & testing, disassembly of the vehicle or subsystem(s) to identify, assess & estimate repair costs, and/or perform the necessary repair work herein set forth along with the necessary material(s) outlined before me by B&B Muffler and Automotive. If this estimate exceeds 10% of the amount specified, I will be contacted with a revised estimate.
